

WELCOME TO THE INAUGURAL ISSUE OF CM LINC

The *CM LINC* will serve as a way to keep you abreast of new features, important updates, and usage tips for Clinical Messaging. The CM staff welcomes your questions, comments and concerns. We are committed to making CM work for you. We are continually working to enhance CM; ensuring that CM will become an even more valuable tool for delivering the best patient care possible.

SHARING THE CLINICAL MESSAGING EXPERIENCE

Share your Clinical Messaging (CM) experience with your colleagues at other practices. CM can be as simple or as technical as an office workflow requires. Please call Sharon Edwards at 353-4011 if you would like a member of the CM staff to contact an office you feel would benefit from CM. This could be an office with which you often share referrals; CM makes the sharing of patient records easy and secure.

VOLUME 1, ISSUE 1, DECEMBER 2008

SAVE THE DATE

Building Community Health Information Exchange
Partnering for Patients

Friday, February 20, 2009
